

Ten Commandments of Butterfly Gardening

How to Bring Beautiful Flowers and Butterflies into Your Life

Program Highlights

Butterfly Plants

Butterflies (In Season)

Butterfly Books

Butterfly Prizes

Free Butterfly Ezine

Free Butterfly Screen Saver

If you'd like to bring beautiful flowers and butterflies into your life and garden, this is the program for you.

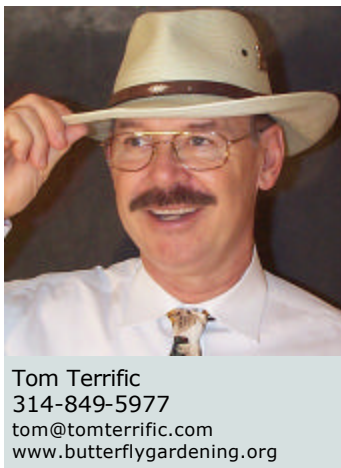

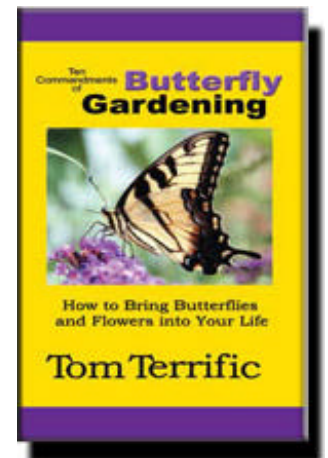

Using handouts, Power Point slides and Digital Video, Tom takes you through all the steps necessary to make your own yard into a botanical paradise for butterflies.

He will tell you which plants to grow, how to find them, and where to

place them.

You don't need 5 acres in the country to have butterflies visit your home. Even with a small hanging basket or clay pot on a patio or balcony, butterflies will find your flowers if you follow his simple "Ten Commandments of Butterfly Gardening."

The program is designed to last from one to two hours.

Tom Terrific

The Tom Terrific Story

Tom Terrific is a professional speaker, teacher, coach and author.

A gardener for the past 30 years, Tom has recently started to concentrate on Butterfly Gardening. He has over one hundred and sixty butterfly friendly plants in his yard and is currently an officer with the North American Butterfly Association.

This program is a sharing of everything he's learned on the

subject.

His website... www.butterflygardening.org and his Free Ezine are also easy ways to learn about Butterfly Gardening.

He has recently finished his latest book, "Ten Commandments of Butterfly Gardening."

It's available at www.butterflygardening.org and the Missouri Botanical Garden bookstore.
